

Entrepreneurs

Year 6- Term 1B

Arabic

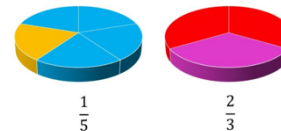

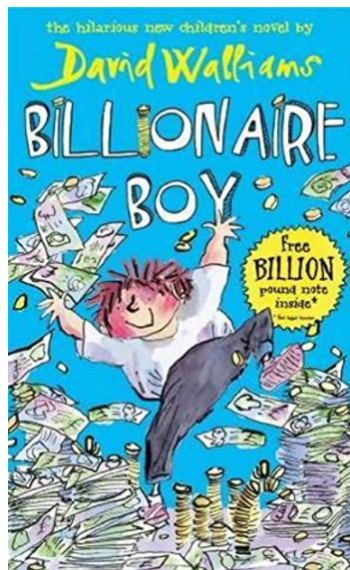

In Arabic, classes will be continuing to focus on their personalised areas of development. They will develop fluency of reading Arabic, pronunciation and writing skills.

Science

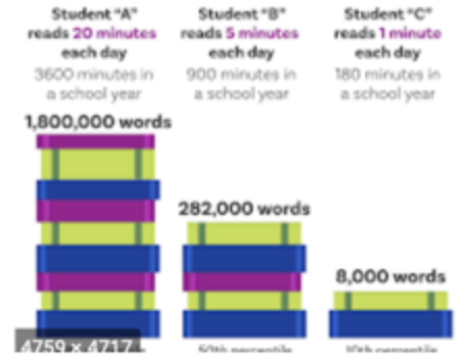

In science, we will be exploring electricity. We will learn about circuit diagrams, continue with our learning about fair tests, look at differences when we change components in a circuit and design and evaluate a game with an electrical circuit.

Maths

In Maths this half term, we will be exploring fractions. We will simplify, compare and order fractions, find equivalent fractions and multiply and divide fractions and mixed number by whole numbers. We will then move on to exploring co-ordinates, translation and reflection.

Why Can't I Skip My 20 Minutes of Reading Tonight?

English

Our text for English this half term will be 'Billionaire Boy' by David Walliams. We will look at narratives text, focusing on how to 'show, not tell'. We will also look at persuasive adverts, using persuasive techniques. For national day celebrations, we will be writing a variety of poetry.

Computer Science

In computer science lessons, year 6 will be learning basic coding, using scratch online. They will be learning how to create short games, by creating objects and moving the objects and how to create variables. The students in half term will need to go on this link: <https://scratch.mit.edu/> and login using their email address, as this will save their work.

PE

In Athletics, the main focus will be on developing a variety of fitness components through running, jumping and throwing. Some classes will explore this through sports hall athletics events, others will compete outside. All activities will contribute towards the Dubai Fitness Challenge which encourages students to complete at least 30 minutes of exercise daily for 30 days.

Moral Education

Our focus this half is 'taking responsibility for ourselves and others.' We will recognise factors that affect confidence and self-esteem and develop our resilience.

Art

Students will be introduced to the theme of Pop Art and look at various artists and understand the techniques and processes used. Students will build on their formal element skills, studying line, shape, tone, colour, texture and forms. They will be exploring the work and gaining inspiration from such artists as Andy Warhol, Peter Blake, Roy Lichtenstein, and Keith Haring.

Islamic A

Year 6

يتوقع من الطالب أن يتعلم نواتج التعلم التالية:-

.يستنتج ثمرات المداومة على العمل الصالح.
.يوضح الأسباب المعينة على المداومة على العمل الصالح.

.يحدد هدف الرسول صلى الله عليه وسلم من دعوة أهل الطائف.
.يبين أسلوب الرسول صلى الله عليه وسلم في دعوة أهل الطائف.

Social Studies

In Social Studies, we will be learning about the prehistory of the UAE, moving on to Mesopotamia and Agriculture and how the UAE links with these.

French

This half term, students will be learning how to say what they have in their school bag and how to describe their classroom. They will focus on understanding the indefinite and definite articles and making nouns plural. They will begin to use the phrases 'il y a' and 'il n'y a pas de...'. "

Topic

Our topic is this half term is Entrepreneurs. We will research, plan, deliver and evaluate a social enterprise project.
