Tennis

Professional coaching is offered at a number of schools across the UAE. Our coaching is focused on teaching students the fundamentals of the sport. Sessions for more enhanced players are also offered. All tennis programs run in conjunction with school timings, with the majority of sessions taking place immediately after school. Each lesson builds confidence, focus, determination and consistency using coordination exercises, various teaching aids and fun games.

Urdu

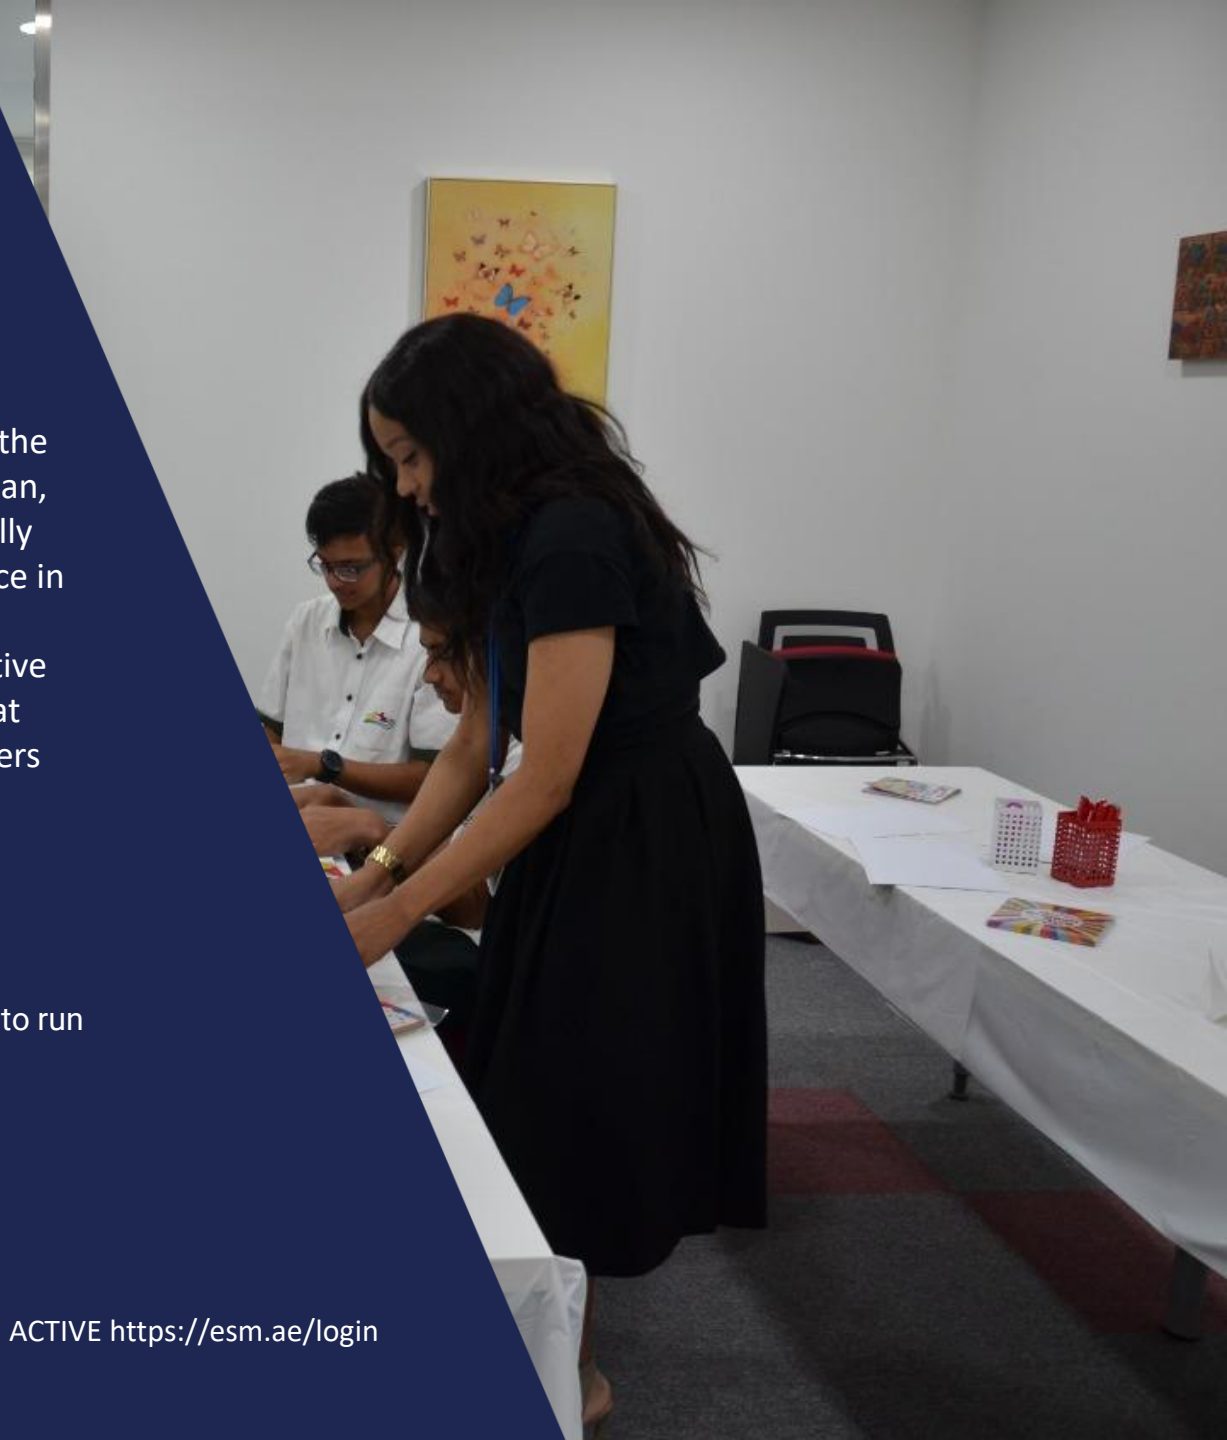

If you are looking to learn a new language in Dubai, then Pomegranate Institute is the best place to do so. We focus on various languages including English, Arabic, German, French, Spanish and Urdu, in addition to the other 20 and more that we are officially certified to teach. It is inspiring to master a new language, as it increases confidence in making new friends, and more importantly strengthens your chances of better job opportunities. The classes are creative and interactive, employing the communicative method of teaching, so you will never get bored. The main idea of the course is that you get a good handle on conveying ideas in the new vocabulary learnt. The teachers are native speakers, and this will help the learning process rapidly.

Mandarin

Learning Chinese give your child(ren) the gift of Chinese language and culture by joining Think First's Chinese Culture Program! We are bringing participants on a well-designed theme-based Chinese cultural activities ! In this program, we will immerse our students into the thriving and dazzling interactive activities, exploring and discovering the traditional Chinese culture and historical immersion "adventures". Think First' Chinese language educators will create a fun and interactive learning experience to engage young students with themed projects, story-telling, music, drawing activities, and more! Whether your child is a beginner or advanced student of the Chinese language, the Think First Chinese Culture Program will help them gain confidence and make significant progress in their conversational Chinese and literacy skills through dynamic interactions with teachers and peers
