RE: Welcome Message

Dear Community,

A very warm welcome to every student and every family, once again it was a wonderful surprise to see our school grow in enrolments since last year! A testament to the great work and efforts of all in our community. I hope this message finds you refreshed, rejuvenated and ready for the new year.

We are all excited for your children's return to school, especially as we will have all our students 100% face to face. Our dedicated staff are all ready for an engaging and exciting learning experience to all students. Our teachers understand the crucial role of educators. We will work tirelessly to ensure our students are learning at high levels because they are challenged, supported, respected, and cared for. This is our commitment to our families and students. Our school is driving forward with a strong vision and key priorities which are illustrated below:

GSCE and A Level Results

We are delighted, in the year of our seventh anniversary, to be celebrating outstanding GCSE and A-level results and our best results to date. These results prove that every bespoke pathway our students take is a route to success. Our A-level graduates are going to some of the best universities in the world and we are incredibly proud of their successes.

Congratulations to all of our MTS Alumni students 2021

Gaweed Elmogy 3A*s and 1B **Mechatronics and Engineering** New York University Abu Dhabi

Aryana Gandhi 2A*s and 2As **Psychology** The Pennsylvania State University

IGCSE/GCSE	
21% of grades 9-8	
38% of grades 9-7	
89% of grades 9-4	

A Level

20% of grade A* 41% of grades A*-A 73% of grades A*-B

Once again, these are exceptional results that demonstrates the high standards we expect and help our students secure their undergraduate options. The current enrolment in our Year 10 to 13 is the largest ever and we look forward to high achievements from our students in the future.

Our team has been working tirelessly over the summer break to improve our school facilities and ensure some of your suggestions have been addressed across school. This includes better road safety awareness and signs along with further training for the traffic marshals, creating an archway which will not only welcome each of you at the front but will act as a shade for students waiting at the end of the school day. The outdoor areas have been completed and

have transformed not only the school but the students' opportunities to learn through exploration and discovery. The Stable gym has a new wrestling ring and a climbing wall for students to enjoy in Junior, Prep and Senior school.

As a school community we will continuously strive to improve our students experiences at school and allow them to be well-rounded learners.

Communication is the key to any relationship and I'm very keen to ensure that as a school our communication with parents is of the highest quality. The best way to find out what's going on in school is through the GEMS Connect app, please check it regularly as we will use it as well as school emails to provide you with the useful information during the school year. Periodically, I will post short videos on the school Facebook and Instagram about the school events and for the happenings in and around the school. On monthly basis, I will meet all parents on Teams in our "Happy Meet" along with the school's leadership team to answer all your queries and hear your stars and your wishes. I will also meet my students live on Instagram on monthly basis for a friendly chat as I believe it's very important to listen to their concerns directly.

For our new parents; Please do your very best to attend any planned curriculum evening, parent's workshops etc., as they will be very important to understand so that you can further support your child at home; parents are our partners in their child's learning.

Thank you all for making this community such a wonderful place, never forget our hashtag is #Community as we are proud of what we are and where we plan to go.

That just leaves me to say once again a very warm welcome to this academic year. Looking forward to an exciting and productive year.

Kind regards,

ALL S
