

Does Every Crime Deserve a Punishment?

Year 6 - Term 1A

Arabic

In Arabic this term, the children will be exploring how to communicate about different currencies and e-commerce. They will also develop their writing and grammar skills.

Science

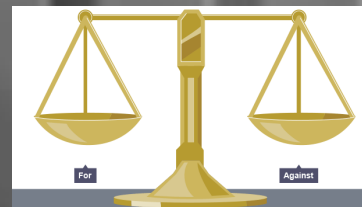

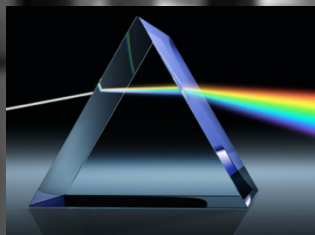

In science, we will be developing our knowledge about how light travels and how we are able to see. We will also explore some of the ways that light behaves, such as shadows, reflection and refraction.

Maths

In our first half term, the children will be developing their place value skills, such as ordering numbers and decimals.

They will also develop their reasoning and problem-solving skills by applying them to a real-life context. In these, they will revise written methods for all four operations.

Thousands	Hundreds	Tens	Ones	Tenths	Hundredths	Thousandths

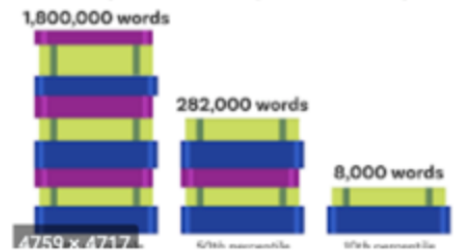

Why Can't I Skip My 20 Minutes of Reading Tonight?

Student "A" reads 20 minutes each day
3600 minutes in a school year

Student "B" reads 5 minutes each day
900 minutes in a school year

Student "C" reads 1 minute each day
180 minutes in a school year

English

During English this half term, Year six will be exploring balanced arguments through the context of our Crime and Punishment topic. Students will be able to research, plan and write a balanced argument and participate in an informal debate with arguments and counter-arguments.

Topic

Our first topic this year is 'Crime and Punishment'.

We will be comparing various historical periods and their outlook on crime and the punishments used at the time. We will also be exploring maps to make geographical comparisons and develop our knowledge of the location of countries and cities.

Moral Education

Our half termly focus is 'Character and Morality'. During this unit of work, the children will explain the meaning of moral values and how they perceive ethical dilemmas.

Social Studies

In Social Studies, the children will be learning about ancient civilisations and their impact on the world we live in today.

Spanish

The children will have an introduction into the language and begin with greetings and talking about themselves.

French

The children will be building on their basic French language patterns, by practising how to greet people, and how to introduce and discuss a little about themselves.

PE

For Basketball the students will be applying fitness to the game such as power and strength. Choose and implement arrange of strategies to play offensively and defensively. Grasp more technical aspects of the game. Focus to be paid to leadership and communication skills.

Art

Year 6 will be introduced to Banksy and gather prior knowledge on the artist. They will gain a greater understanding of his work, and start to experiment using the techniques by the artist. They will use his work as inspiration to create some Banksy art work.
