

A Toy Story

Year 2 - Summer Term 3B

English

In English this term, the students will be focusing on writing Explanation texts. They will be introduced to the life cycle of a butterfly and explore the features of an explanation text to build their toolkit. They will then write an explanation text based on their toy which they have made in Topic. We will be encouraging the students to include statements, subheadings and headings to organise their writing. We will then finish the year focusing on Summer poems and reflecting upon our wonderful time in Year 2.

Dates for your diary

Thursday 2nd June- Early finish due to staff professional development
Wednesday 8th & Thursday 9th- Year 2 Science Made Fun Workshop
Sunday 19th June- UAE Father's Day
Monday 4th July- Final reports sent home and PT results shared
Monday 4th July- End Year Performance
Thursday 7th July- Last Day of Term

Mathematics

This term in Maths we will begin to look at different measures. The children will start by exploring capacity by looking at how much liquid a container can hold. They will make the connection that bigger containers can hold more liquid and smaller containers hold less liquid. They will then start to use millilitres and litres (ml and l) to compare the capacity of containers. After this we will start to look at mass and the children will investigate the mass of different objects and measure them in kilograms and grams (kg and g). To continue with our exploration of measurement the children will then look at temperature. They will use thermometers to measure the temperature outside daily and will practise reading and comparing temperatures in class. We will then encourage the children to choose and use appropriate standard units to measure any mass, temperature and capacity to the nearest unit, using scales, thermometers and measuring vessels.

Arabic

خلال الترم الثالث أ، سيدرس الطلاب مجموعة من القصص وهي قصة "عَنْبَرٌ يَطِيرُ إِلَى الْقَلْعَةِ الْبَعِيدَةِ"، قصة "غُرَابٌ لَوْنُهُ أبيضٌ"، قصة "فوفي يَفْهَرُ خَوْفَهُ"، قصة "قَمَرٌ يَشْعُرُ بِالْمَلَلِ" وأخيراً قصة "كوكو وَهُوَ" وفي الكتابة يكتب المتعلم فقرة مضمناً إياها جملة رئيسية، وتفاصيل داعمة، وجملة خاتمة.

خلال الترم الثالث ب، يدرس الطلاب مجموعة إضافية من القصص وهي قصة "الْقَلْبُ يَبْحَثُ عَنْ بَيْتٍ جَدِيدٍ" وقصة "مَلِكَةٌ وَقَرْنُهَا الْمَكْسُورَةُ" وقصة "نَوْنَةُ النَّسِيطَةِ" وقصة "هُدْهُدٌ يُسَجِّلُ هَدَفًا" وقصة "وَرْدَةُ الْوَرْدَةُ الْعَجُولُ" وقصة "الْبَعْسُوبُ الْقَوِيُّ". وفي الكتابة وفي الكتابة يكتب المتعلم بطاقة تهنئة ودعوة وجملة إرشادية مفيدة.

In Arabic B the students will be focusing on the following topics:

Friends: Choose a friend and write about their characteristics and physical appearance

Family: Describe family gatherings and celebrations

Moral, Social and Cultural Studies

In Moral, Social and Cultural Studies, we will be focusing on the UAE. We will explore the culture of the UAE, museums in the UAE, money in the UAE, emergency services and the souqs. By the end of this unit, the children will use this knowledge to create a project based on jobs in the UAE.

Islamic

In Islamic we will be focusing on:

Recite Surat Al Kawthar correctly.

Explain the overall meaning of the surah.

Clarify the favour bestowed by Allah, Glory be to him, upon his prophet, peace be upon him .

Explain the importance of agricultural environment for human life.

Be keen on protection the agricultural environment.

Science

In Science this term the children will be learning about Animals including Humans. To begin this topic the children will focus on learning about animals and their offspring and use this knowledge to create lifecycles of different animals. They will then move onto learning about basic food chains and apply their knowledge of these during the in school science workshop through fun and hands on activities. We will end the topic discovering how to take care of animals and what they need to survive. The children will be given the responsibility to look after the animals at the farm and will reflect on their learning to better know how to look after their pets at home.

Topic

In Topic we will building upon our knowledge learnt in Term 3A about the history of toys in order to design, make and evaluate our own toy from the past. The students will choose whether they will make a toy car using woodwork skills or a doll using textiles skills.

PE

During physical education next term Year 2 will be participating in an attack, defend shoot unit where there will be a focus on sending and receiving a ball using feet as well as recall and link combinations of skills. In gymnastics learners will create and perform a simple sequence.
